

You have a lot of work to do during the day, but when you move from one task to another you know that Nexter supports your back.

A combination of tried and tested solutions has resulted in a chair that provides comfortable and ergonomic sitting. Nexter is your partner for every new task.

Features:

- available in 2 backrest versions: upholstered or mesh
- free-floating mechanisms help to relax muscles and relieve strain on the spine
- height-adjustable armrests with movable pads to provide additional support for the whole body
- classic black elements that make the chair fit perfectly into any space

Models

Mesh version (MESH)

Breathable mesh backrest in black colour, lumbar support as an option. **Backrest width: 465 mm**

Upholstered version (UPH)

Upholstered backrest in a colour matching that of the seat. Inside medium-hard cut foam, durable and resilient. **Backrest width: 460 mm**

The seat in both chair models is upholstered. High performance cut foam is used, limiting deformation, allowing long and comfortable use.
